Grain Notes.

There are reports of hot winds in Oregon and Washington doing damage to wheat.

Exporters took three loads of wheat at the seaboard yesterday for forward shipment.

A Chicago message says that John Inglis, the crop expert, estimates this year's wheat crop at \$00,000,000 bushels.

somewhat unsettled.

A dispetch from Oklahoma City says that farmers are loading thirty cars of wheat there to ship to Kanass City on their own account.

F. H. Peaver has bought the O'Neil elevator in Chicago and will increase its capacity to 2,000,000 bushels. This will give him a chain of houses from the extreme Northwest as far east as Buffalo.

The wheat crop of Oklahoma last year was about 12,000,000 bushels. The government estimate was 10,000,000 bushels. The yield this year promises to be much larger. Wheat is now heading and the stand is perfect.

but drawbacks may be argely overcome.

A Chicago special yesterday said: Armour's elevator "D" was totally destroyed by fire. It contained about 1,000,000 bushels of grain, consisting of 106,000 bushels of wheat, 625,000 bushels of corn, 195,000 bushels of oats and 20,000 bushels of rye.

New York, May 12.—The natural reaction from yesterday's buoyant tendency in Wall street was supplemented to-day by some positive elements of depression, as a consequence of which prices generally ruled below yesterday's level all day. The speculative world apparently took a rather serious view of the affair at Cardenas. In spite of all assurance that the loss incurred was trivial from a military standpoint, the shedding of first American blood had a depressing influence which no amount of reasoning could destroy. There was, besides this, an unsettling conviction that yesterday the Spanish Cape Varde fleet had certainly returned to home waters. A reaction in Spanish 4s in London and Paris also dispelled some of the impression that the yearent advance foreshadowed certainly returned to home waters. A reaction in Spanish is in London and Paris also dispelled some of the impression that the recent advance foreshadowed a move toward peace by Spain. The absence of authoritative reports from Admiral Sampson and his Seet induced some hesitation amongst dealers in stocks. There was, in addition, a depressed market for Americans in London before the opening here, and there was free selling of the international stocks for London secount during the early trading. It was not surprising, in view of all these conditions, that some of the recent buyers of stocks should have been inclined to take profits and that the bears should be encouraged to attack the market. Such a stubborn resistance was shown, however, to the first dip of prices that extreme caution was devaloped about putting out short contracts. The market displayed an equal reluctance to advance with any degree of vigor. Covering by shorts in the late dealings overcame a portion of the losses, prominent stocks. There were special stocks ear tered through the list that maintained a show o strength, notably Consolidated Gas, which rose buoy antly at one time eight points. The Union Pacific Denver & Gulf securities, Rock Island, the Cotton Gil stocks and some of the high priced investmen stocks were notably firm. The volume of business was much reduced from vesterday and the market stand is perfect.

It is estimated that there are now but 10,000,000 bushels of corn, 5,000,000 bushels of wheat, and 2,000,000 bushels of rye in Nebraska elevators. Cattle feeders are rushing their stock to market because it doesn't pay to feed them.

Yesterday's Cincinnati Price Current says in its weekly crop summary: Winter and spring wheat crop conditions are maintaining an encouraging outlook. The corn crop is not getting a desirable start, but drawbacks may be largely overcome.

A Chicago special vesterday said: Armour's ele-

was extremely feverish and irregular The bond market also was less Denver & Gulf Sa, and, with a few played a heavy tone.

Dry Goods. New York, May 12.—There is no new feature in the dry goods market. The government bids and the prospective awards for supplies attract attention in many quarters. The print cloth market and its future is still the subject of much earnest thought in many quarters, and so the legitimate pushing of trade has had to suffer. The sales of brown goods for export purposes have been rather heavy. Coarse colored cottons are firm, being well sold up in some lines. The excitement dropped out of wheat yesterday and fumped into provisions, pork closing \$1.00 per barrel higher than Tuesday, and lard and ribs, 75c. This, with an active demand for product both from the government for army supplies and the domestic trade, set the hog market wild. The receipts were large again, making \$3,541 for three days. But this "cut no figure." Packers all wanted hogs, and wanted them hadly and there was a good outside demand. The market opened \$5,00c higher, and, after the first round or two, became excited in sympathy with provisions, and late sales were 305,90c per cwt. higher, and demand good at this improvement, and the pens were cleared without trouble. The movement of California cattle from drouth-stricken districts of the state to Kansas and the Indian Territory, under special inspection, has fairly commenced. Colonel Albert Dean, of the bureau of animal industry here, has received notice that one train of the Hobson Broa. cattle, from Venturs county, is now on its way to Purceil, I. T., and the live stock officials of the Atchison, Topeka & Santa Fe railroad say that they have advices of 110 cars of cattle and sheep that are to come, and still other shipments are expected as soon as pasture arrangements are made.

The number of hogs packed in the West the past week was 45,000, against 35,000 the same week of last year, an increase of 100,000 hogs.

M. Sparks & Son relieved their crowded mule pens yesterday by sending seventy-five mules to their farm, near Mount Leonard, Mo., where they will be held on pasture until they get fat or the glut is worked off the market.

The Rogers Commission Company thinks that a pretty fair cattle market should continue to be had notwithstanding the war. They say:

"Now, add the 'Dewey' freshness of our war reports to the strength of 'Sampson,' and the backbone of 'Uncle Sam,' and it does look like we could 'Schley' the world and feed them, too."

There is joy at 511 Park avenue, where Mr. and Mrs. A. L. Parnham are entertaining a little stunger that arrived Tuesday night—an 8-pound boy, his papa's oldest son.

The packers here yesterday got 12,290 hogs and there were 3,970 taken on orders.
